

Mobix Labs Drone Acquisition of Vision Aerial Accelerates National Security Platform

July 24, 2026

IRVINE, Calif.--(BUSINESS WIRE)--Jul. 24, 2026-- Mobix Labs, Inc. (Nasdaq: MOBX) today announced that it has signed a definitive agreement to acquire Vision Aerial, Inc., a U.S.-built drone manufacturer serving national security, government, energy, public safety and critical infrastructure markets.

The acquisition accelerates Mobix Labs' National Security Matters Initiative and positions the Company in fast-growing global markets for drones, autonomous aerial systems and aerial intelligence. Vision Aerial's drones support mission-critical applications across national security, infrastructure inspection, energy operations, public safety and advanced aerial sensing, with customers and end-users including the U.S. Air Force, U.S. Navy, government agencies, energy and utility operators and other organizations requiring secure, high-performance unmanned aerial systems. The transaction is expected to close this quarter, subject to customary closing conditions, including financing and stockholder approval.

Forward-Looking Statements: This release contains forward-looking statements regarding the proposed acquisition, expected closing, financing, stockholder approval and anticipated strategic benefits. Actual results may differ materially due to risks and uncertainties described in Mobix Labs' SEC filings.
