

Mobix Labs Secures Initial F-16 Component Order

September 8, 2026

Deliveries Underway

IRVINE, Calif.--(BUSINESS WIRE)--Sep. 8, 2026-- Mobix Labs, Inc. (Nasdaq: MOBX), a U.S.-based provider of advanced electronic components and connectivity solutions for aerospace, defense and mission-critical applications, today announced that it has secured its initial production order for EMI-filtered connectors supporting the F-16 Fighting Falcon.

Initial shipments have already been delivered, with the balance of the order scheduled for delivery in the coming weeks.

The F-16 component order follows Mobix Labs' previously announced expansion supporting the F-22 Raptor program, where component orders increased approximately five-fold over prior activity.

The F-16 joins the F-22 Raptor, F-35 Lightning II and F/A-18 Super Hornet among U.S. fighter aircraft supported by Mobix Labs components.

Forward-Looking Statements

This press release contains forward-looking statements, including statements regarding the timing of remaining deliveries, potential follow-on orders and future demand for Mobix Labs' products. Forward-looking statements are subject to risks and uncertainties that could cause actual results to differ materially, including changes in customer demand, production schedules, defense spending and other risks described in Mobix Labs' filings with the U.S. Securities and Exchange Commission. Mobix Labs undertakes no obligation to update forward-looking statements except as required by law.
