Amendment No. 2 to the Business Combination Agreement

On November 26, 2023, Chavant entered into Amendment No. 2 (“Amendment No. 2”) to the Business Combination Agreement. Pursuant to Amendment No. 2, Chavant, Mobix Labs and Merger Sub have agreed, among other things, to (i) make certain adjustments to the exchange ratio provided for in the Business Combination Agreement such that a ratio of one-to-one is used as the per share exchange ratio to determine the number of shares of Class A Common Stock and Class B Common Stock into which capital interests in Mobix Labs would convert, (ii) further extend the date by which the Proposed Transaction must be completed from November 22, 2023 to January 22, 2024 and (iii) delete the condition to closing of the business combination that Chavant have at least \$5,000,001 of net tangible assets after giving effect to the PIPE Private Placement in accordance with the terms of the PIPE Subscription Agreement and following the exercise of redemption rights by Chavant’s Public Shareholders in accordance with Chavant’s Existing Charter.

In consideration for delivering the consent on November 26, 2023 to Amendment No. 2 pursuant to the PIPE Subscription Agreement (the “PIPE Subscription Agreement”), dated as of November 15, 2022, by and among Mobix Labs, Chavant and ACE SO4 Holdings Limited (the “PIPE Investor”), Mobix Labs issued to the PIPE Investor a warrant on November 26, 2023 to purchase 700,000 shares of common stock of Mobix Labs at an exercise price of \$0.01 per share (the “PIPE Warrant”), pursuant to the Warrant Subscription Agreement (the “Warrant Subscription Agreement”), dated as of November 26, 2023, by and between Mobix Labs and the PIPE Investor. If the Company completes a business combination, it may repay such loaned amounts out of the proceeds of the Trust Account. Forward-Looking Statements

This Form 8-K contains certain "forward-looking statements" within the meaning of the United States Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act and Section 21E of the Exchange Act. All statements other than statements of historical fact contained in this Form 8-K, including statements regarding the benefits of the Proposed Transaction and the anticipated timing of the completion of the Proposed Transaction, the products offered by Mobix Labs and the markets in which it operates, the expected total addressable markets for the products offered by Mobix Labs, the advantages of Mobix Labs' technology, Mobix Labs' competitive landscape and positioning, and Mobix Labs' growth plans, strategies and projected future results, are forward-looking statements. Some of these forward-looking statements can be identified by the use of forward-looking words, including "may," "should," "expect," "intend," "will," "estimate," "anticipate," "believe," "predict," "plan," "targets," "projects," "could," "would," "continue," "forecast" or the negatives of these terms or variations of them or similar expressions. All forward-looking statements are subject to risks, uncertainties, and other factors which could cause actual results to differ materially from those expressed or implied by such forward-looking statements. All forward-looking statements are based upon estimates, forecasts and assumptions that, while considered reasonable by Chavant and its management, and Mobix Labs and its management, as the case may be, are inherently uncertain and many factors may cause the actual results to differ materially from current expectations which include, but are not limited to:

- the risk that the Proposed Transaction may not be completed in a timely manner or at all, which may adversely affect the price of Chavant's securities;
 - the risk that the Proposed Transaction may not be completed by Chavant's deadline for the Proposed Transaction and the potential failure to obtain an extension of the deadline for the Proposed Transaction if sought by Chavant;
 - the failure to satisfy the conditions to the consummation of the Proposed Transaction, including the adoption of the Business Combination Agreement by the shareholders of Chavant and the satisfaction of the minimum cash amount following redemptions by Chavant's public shareholders;
 - the lack of a third party valuation in determining whether or not to pursue the Proposed Transaction;
 - the occurrence of any event, change or other circumstance that could give rise to the termination of the Business Combination Agreement;
 - the effect of the announcement or pendency of the Proposed Transaction on Mobix Labs' business relationships, performance, and business generally;
 - risks that the Proposed Transaction disrupts current plans of Mobix Labs and potential difficulties in Mobix Labs' employee retention as a result of the Proposed Transaction;
 - the outcome of any legal proceedings that may be instituted against Mobix Labs or against Chavant related to the Business Combination Agreement or the Proposed Transaction;
 - failure to realize the anticipated benefits of the Proposed Transaction;
 - the inability to meet and maintain the listing of Chavant's securities (or the securities of the post-combination company) on Nasdaq;
 - the risk that the price of Chavant's securities may be volatile due to a variety of factors, including changes in the highly competitive industries in which Mobix Labs plans to operate, variations in performance across competitors, changes in laws, regulations, technologies including transition to 5G, global supply chain, U.S./China trade or national security tensions, and macro-economic and social environments affecting Mobix Labs' business and changes in the combined capital structure;
-

- the inability to implement business plans, forecasts, and other expectations after the completion of the Proposed Transaction, and identify and realize additional opportunities;
- the risk that Mobix Labs is unable to successfully commercialize its semiconductor products and solutions, or experience significant delays in doing so;
- the risk that Mobix Labs may never achieve or sustain profitability;
- the risk that Mobix Labs will need to raise additional capital to execute its business plan, which may not be available on acceptable terms or at all;
- the risk that the post-combination company experiences difficulties in managing its growth and expanding operations;
- the risks relating to long sales cycles, concentration of customers, consolidation and vertical integration of customers, and dependence on manufacturers and channel partners;
- the risk that Mobix Labs may not be able to consummate planned strategic acquisitions, or fully realize anticipated benefits from past or future acquisitions or investments;
- the risk that Mobix Labs' patent applications may not be approved or may take longer than expected, and Mobix Labs may incur substantial costs in enforcing and protecting its intellectual property;
- inability to complete the PIPE investment in connection with the Proposed Transaction; and
- other risks and uncertainties set forth in the sections entitled "Risk Factors" and "Cautionary Note Regarding Forward-Looking Statements" in Chavant's Annual Report on Form 10-K for the year ended December, 31, 2022, which was filed with the SEC on March 31, 2023 (the "2022 Form 10-K"), as such factors may be updated from time to time in Chavant's filings with the SEC, the Registration Statement and the proxy statement/prospectus contained therein. These filings identify and address other important risks and uncertainties that could cause actual events and results to differ materially from those contained in the forward-looking statements.

Nothing in this Form 8-K should be regarded as a representation by any person that the forward-looking statements set forth herein will be achieved or that any of the contemplated results of such forward-looking statements will be achieved. You should not place undue reliance on forward-looking statements, which speak only as of the date they are made. Neither Chavant nor Mobix Labs gives any assurance that either Chavant, Mobix Labs or the combined company will achieve its expected results. Neither Chavant nor Mobix Labs undertakes any duty to update these forward-looking statements, except as otherwise required by law.

No Offer or Solicitation

This Form 8-K is not a proxy statement or solicitation of a proxy, consent or authorization with respect to any securities or in respect of the Proposed Transaction and is not intended to and does not constitute an offer to sell or the solicitation of an offer to buy, sell or solicit any securities or any proxy, vote or approval, nor shall there be any sale of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction. No offer of securities shall be deemed to be made except by means of a prospectus meeting the requirements of Section 10 of the Securities Act.

a) Notices. Any and all notices or other communications or deliveries to be provided by the Holder hereunder shall be in writing and delivered personally, by facsimile, by email attachment, or sent by a nationally recognized overnight courier service, addressed to the Company, at the address set forth above, or such other facsimile number, email address, or address as the Company may specify for such purposes by notice to the Holder delivered in accordance with this Section 6(a). Any and all notices or other communications or deliveries to be provided by the Company hereunder shall be in writing and delivered personally, by facsimile, by email attachment, or sent by a nationally recognized overnight courier service addressed to the Holder at the facsimile number, email address or address of the Holder appearing on the books of the Company, or if no such facsimile number or email attachment or address appears on the books of the Company, at the principal place of business of such Holder. Any notice or other communication or deliveries hereunder shall be deemed given and effective on the earliest of (i) the date of transmission, if such notice or communication is delivered via facsimile at the facsimile number or email or email attachment to the email address set forth on the signature pages attached hereto prior to 5:30 p.m. (New York City time) on any date, (ii) the next Business Day after the date of transmission, if such notice or communication is delivered via facsimile at the facsimile number or email or email attachment to the email address set forth on the signature pages attached hereto on a day that is not a Business Day or later than 5:30 p.m. (New York City time) on any Business Day, (iii) the second Business Day following the date of mailing, if sent by U.S. nationally recognized overnight courier service or (iv) upon actual receipt by the party to whom such notice is required to be given.

b) Lost or Mutilated Note. If this Note shall be mutilated, lost, stolen or destroyed, the Company shall execute and deliver, in exchange and substitution for and upon cancellation of a mutilated Note, or in lieu of or in substitution for a lost, stolen or destroyed Note, a new Note for the principal amount of this Note so mutilated, lost, stolen or destroyed, but only upon receipt of evidence of such loss, theft or destruction of such Note, and of the ownership hereof, reasonably satisfactory to the Company.

c) Governing Law. All questions concerning the construction, validity, enforcement and interpretation of this Note shall be governed by and construed and enforced in accordance with the laws of the State of New York. Each party agrees that all legal proceedings concerning the interpretation, enforcement and defense of the transactions contemplated by this Note (whether brought against a party hereto or its respective affiliates, directors, officers, shareholders, employees or agents) shall be commenced in the state and federal courts sitting in the City of New York, Borough of Manhattan (the “New York Courts”). Each party hereto hereby irrevocably submits to the exclusive jurisdiction of the New York Courts for the adjudication of any dispute hereunder or in connection herewith or with any transaction contemplated hereby or discussed herein (including with respect to the enforcement of this Note), and hereby irrevocably waives, and agrees not to assert in any suit, action or proceeding, any claim that it is not personally subject to the jurisdiction of such New York Courts, or such New York Courts are improper or inconvenient venue for such proceeding. Each party hereby irrevocably waives personal service of process and consents to process being served in any such suit, action or proceeding by mailing a copy thereof via registered or certified mail or overnight delivery (with evidence of delivery) to such party at the address in effect for notices to it under this Note and agrees that such service shall constitute good and sufficient service of process and notice thereof. Nothing contained herein shall be deemed to limit in any way any right to serve process in any other manner permitted by applicable law.

Each party hereto hereby irrevocably waives, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to this Note or the transactions contemplated hereby.

d) Amendment; Waiver. The provisions of this Note, including the provisions of this Section 6(d), may not be amended, modified or supplemented, and waivers or consents to departures from the provisions hereof may not be given, unless the same shall be in writing and signed by the Company and the Holder. Any waiver by the Company or the Holder of a breach of any provision of this Note shall not operate as or be construed to be a waiver of any other breach of such provision or of any breach of any other provision of this Note. The failure of the Company or the Holder to insist upon strict adherence to any term of this Note on one or more occasions shall not be considered a waiver or deprive that party of the right thereafter to insist upon strict adherence to that term or any other term of this Note on any other occasion.

e) Severability. If any provision of this Note is invalid, illegal or unenforceable, the balance of this Note shall remain in effect, and if any provision is inapplicable to any Person or circumstance, it shall nevertheless remain applicable to all other Persons and circumstances. The Company covenants (to the extent that it may lawfully do so) that it shall not at any time insist upon, plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay, extension or usury law or other law which would prohibit or forgive the Company from paying all or any portion of the principal of this Note as contemplated herein, wherever enacted, now or at any time hereafter in force, or which may affect the covenants or the performance of this Note, and the Company (to the extent it may lawfully do so) hereby expressly waives all benefits or advantage of any such law, and covenants that it will not, by resort to any such law, hinder, delay or impede the execution of any power herein granted to the Holder, but will suffer and permit the execution of every such power as though no such law has been enacted.

f) Execution and Counterparts. This Note may be executed in two or more counterparts, all of which when taken together shall be considered one and the same agreement and shall become effective when counterparts have been signed by each party and delivered to the other party, it being understood that both parties need not sign the same counterpart. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a “.pdf” format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or “.pdf” signature page were an original thereof.

g) Successors and Assigns. This Note shall inure to the benefit of and be binding upon the successors and permitted assigns of each of the parties and shall inure to the benefit of each such holder. Neither party may assign its rights or obligations hereunder without the prior written consent of the other parties hereto.

h) Remedies and Other Obligations. The remedies provided in this Note shall be cumulative and in addition to all other remedies available under this Note at law or in equity (including a decree of specific performance and/or other injunctive relief). Amounts set forth or provided for herein with respect to payments, (and the computation thereof) shall be the amounts to be received by the Holder and shall not, except as expressly provided herein, be subject to any other obligation of the Company (or the performance thereof). The Company shall provide all information and documentation to the Holder that is requested by the Holder to enable the Holder to confirm the Company's compliance with the terms and conditions of this Note.

i) Trust Waiver. Notwithstanding anything herein to the contrary, the Holder hereby waives any and all right, title, interest or claim of any kind ("Claim") in or to any distribution of or from the trust account into which the proceeds of the Company's initial public offering and the proceeds of the sale of the warrants issued in the private placement in connection with the consummation of the initial public offering were deposited, as described in greater detail in the registration statement and prospectus filed by the Company with the Securities and Exchange Commission in connection with the initial public offering, and hereby agrees not to seek recourse, reimbursement, payment or satisfaction for any Claim against the trust account for any reason whatsoever.

j) Next Business Day. Whenever any payment or other obligation hereunder shall be due on a day other than a Business Day, such payment shall be made on the next succeeding Business Day.

k) Headings. The headings contained herein are for convenience only, do not constitute a part of this Note and shall not be deemed to limit or affect any of the provisions hereof.

Supplemental Disclosures to the Proxy Statement/Prospectus

The following disclosures supplement the disclosures contained in the Proxy Statement/Prospectus and should be read in conjunction with the disclosures contained in the Proxy Statement/Prospectus, which in turn should be read in its entirety. All page references are to the Proxy Statement/Prospectus, and terms used below, unless otherwise defined, shall have the meanings ascribed to such terms in the Proxy Statement/Prospectus.

The sixth paragraph of the Cover Page of the Proxy Statement/Prospectus is hereby restated as follows:

Based on the number of outstanding shares of Mobix Labs common stock, preferred stock, the number of shares of Mobix Labs common stock underlying the Mobix Labs in-the-money vested options and the warrants and the aggregate amount of Mobix Labs convertible instruments, including SAFEs and promissory notes, outstanding, in each case as of November 21, 2023, assuming no Chavant shareholders exercise redemption rights with respect to their Ordinary Shares in connection with the Transaction, the total numbers of shares of Class A Common Stock and Class B Common Stock expected to be issued in connection with the Closing are approximately 22,281,208 and 2,254,901, respectively. The holders of outstanding shares of common stock, preferred stock, in-the-money vested options, warrants and convertible instruments of Mobix Labs immediately prior to the Closing are expected to hold in the aggregate approximately 77.5% of the issued and outstanding shares of Class A Common Stock and 100% of the issued and outstanding shares of Class B Common Stock, which collectively are expected to represent 87.4% of the combined voting power of the issued and outstanding shares of Common Stock, immediately upon the consummation of the Transaction, in each case assuming no Chavant shareholders exercise redemption rights with respect to their Ordinary Shares in connection with the Transaction and excluding the impact of the issuance of Class A Common Stock as Earnout Shares or Make-Whole Shares (as defined below), as well as additional shares of Class A Common Stock that may become outstanding in the future as a result of the exercise of Chavant's warrants, the exercise of any warrants convertible from the promissory notes issued by Chavant evidencing the outstanding working capital loans, or any issuance pursuant to the Mobix Labs, Inc. 2023 Equity Incentive Plan or the Mobix Labs, Inc. 2023 Employee Stock Purchase Plan, the exercise of the Assumed Options or the vesting of the Assumed RSUs (collectively, the "Potential Additional Issuances"). Upon the consummation of the Transaction, we expect that the holders of Class B Common Stock, comprised mostly of Mobix Labs' founders, directors and officers, will own approximately 43.9% of the combined voting power of the issued and outstanding shares of Common Stock of New Mobix Labs and that such holders of Class B Common Stock may exert significant influence on any actions of New Mobix Labs which require stockholder approval.

As of the date hereof, the number of additional shares of Class A Common Stock that would be issued in exchange for the Post-March 26 Financing Securities is 2,895,431.

The eighth paragraph of the Cover Page of the Proxy Statement/Prospectus is hereby restated as follows:

Assuming no Chavant shareholders exercise redemption rights with respect to their Ordinary Shares in connection with the Transaction, the holders of Ordinary Shares issued in Chavant's initial public offering, the Initial Shareholders (as defined herein) (which holders are Chavant's sponsor, Chavant Capital Partners LLC (the "Sponsor"), the directors and officers of Chavant and certain designees of the Representatives (as defined herein)) and the PIPE Investor (as defined herein) are expected to hold in the aggregate approximately 2.7%, 6.9% and 12.9%, respectively, of the issued and outstanding shares of Class A Common Stock (assuming no redemptions by the Public Shareholders), which represent 1.5%, 3.9% and 7.2%, respectively, of the combined voting power of the issued and outstanding shares of Common Stock, immediately upon the consummation of the Transaction, excluding the impact of the Potential Additional Issuances and the impact of the expected distribution of Founder Shares by the Sponsor following the Closing as described in footnotes (2), (4) and (9) to the beneficial ownership table set forth under "Security Ownership of Certain Beneficial Owners and Management of New Mobix Labs."

The following definitions are hereby amended, restated and supplemented or, to the extent not included in the Proxy Statement/Prospectus, are included as follows:

“Amendment No. 2” means Amendment No. 2 to the Business Combination Agreement, dated November 26, 2023, by and among Chavant, Merger Sub and Mobix Labs.

“Outside Date” means January 22, 2024.

“Per Share Exchange Ratio” means a ratio of one-to-one.

“PIPE Warrant” means a warrant issued by Mobix Labs to the PIPE Investor to purchase 700,000 shares of Mobix Labs Common Stock at an exercise price of \$0.01 per share, which terminates upon the earlier of (i) the closing of the Merger and (ii) the termination of the Business Combination Agreement.

“Warrant Subscription Agreement” means the Warrant Subscription Agreement, dated November 26, 2023, entered into between Mobix Labs and the PIPE Investor, pursuant to which the PIPE Warrant was issued to the PIPE Investor subject to the terms and conditions set forth therein.

“Written Consent to Amendment No. 2” means the irrevocable stockholder written consent in lieu of a meeting containing the requisite vote by the Mobix Labs Stockholders (including the Key Mobix Labs Stockholders) dated November 26, 2023, thereby adopting and approving Amendment No. 2. The Written Consent to Amendment No. 2 was delivered to Chavant on November 26, 2023.

The disclosure on page 23 under the heading “Q. How will the Transaction impact the shares of New Mobix Labs outstanding after the Transaction?” and the disclosure in the first paragraph under the heading “Summary of the Proxy Statement/Prospectus³/Ownership of New Mobix Labs After the Closing” on page 47 are hereby restated as follows:

As a result of the Transaction and the consummation of the transactions contemplated by the Business Combination Agreement and the PIPE Subscription Agreement, the amount of shares of Class A Common Stock outstanding will increase by approximately 935.9% to approximately 28,785,877 shares, and the amount of shares of Common Stock (including both Class A Common Stock and Class B Common Stock) will increase by approximately 1,017.0% to approximately 31,040,778 shares (in each case, assuming that no Ordinary Shares are redeemed and no additional Post-March 26 Financing Securities are issued after the date of this Supplement). Additional shares of New Mobix Labs’ Class A Common Stock may become outstanding in the future as a result of the existence of any Post-March 26 Financing Securities as of the Closing, any issuance of the Earnout Shares, any issuance of the Make-Whole Shares, the exercise of the Warrants, the conversion of the Chavant Promissory Notes into Warrants, any issuance upon the exercise of the Assumed Options or the vesting of the Assumed RSUs or pursuant to the 2023 Equity Incentive Plan or the 2023 Employee Stock Purchase Plan. The issuance and sale of any such shares in the public market could adversely impact the market price of the New Mobix Labs’ Class A Common Stock even if the business is doing well.

The disclosure on page 23 under the heading “Q. How much dilution may non-redeeming Chavant shareholders experience in connection with the Transaction, and what equity stake will current Chavant shareholders and Mobix Labs Stockholders have in New Mobix Labs after the Closing?” is hereby restated as follows:

Our Public Shareholders are not required to vote “FOR” the Transaction in order to exercise their redemption rights. Accordingly, the Transaction may be consummated even though the funds available from the Trust Account and the number of Public Shareholders is reduced as a result of redemptions by the Public Shareholders.

If a Public Shareholder exercises its redemption rights, such exercise will not result in the loss of any Public Warrants that it may hold. We cannot predict the ultimate value of the Warrants following the consummation of the Transaction, but assuming that all 778,912 Ordinary Shares held by our Public Shareholders were redeemed (maximum redemption scenario), the 6,000,000 retained outstanding Public Warrants would have an aggregate value of \$127,200, based on the price per Public Warrant of \$0.0212 on October 30, 2023. In addition, on October 30, 2023, the price per Ordinary Share closed at \$11.08. If the Class A Common Stock is trading above the exercise price of \$11.50 per warrant, the warrants are considered to be “in the money” and are therefore more likely to be exercised by the holders thereof (when they become exercisable). This in turn increases the risk to the non-redeeming Public Shareholders that the warrants will be exercised, which would result in immediate dilution to the non-redeeming Public Shareholders.

The tables below illustrate the anticipated relative ownership of Public Shareholders, the Initial Shareholders (being the Sponsor, the directors and officers of Chavant and the Representatives' designees), the PIPE Investor and Mobix Labs equityholders upon completion of the Transaction and the PIPE Private Placement without and after giving effect to the additional dilution that may be caused by the issuance of additional shares in exchange for Post-March 26 Financing Securities, the issuance of Earnout Shares, the issuance of the Make-Whole Shares, the exercise of the outstanding Public Warrants or Private Warrants, the extension of Working Capital Loans under the Chavant Promissory Notes and the exercise of any Warrants convertible from the Working Capital Loans, any issuance upon the exercise of the Assumed Options or the vesting of the Assumed RSUs or pursuant to the 2023 Equity Incentive Plan or the 2023 Employee Stock Purchase Plan under a no redemption scenario and a maximum redemption scenario. In the no redemption scenario as described below in the sensitivity table, the residual equity value owned by the non-redeeming Public Shareholders is assumed to be the deemed value of \$10.00 per share and the implied total equity value of New Mobix Labs following the Transaction, assuming no dilution from any additional dilution sources described in the table below, would be \$310.4 million. As a result of the redemption amount in the maximum redemption scenario as described below in the sensitivity table, the implied total equity value of New Mobix Labs following the Transaction, assuming no dilution from any additional dilution sources described in the table below, would be \$301.6 million in the maximum redemption scenario. These amounts are based solely on an assumed value of \$10.00 per share and do not reflect a third-party valuation nor a prediction of the future value of the Mobix Labs Common Stock. Additionally, the sensitivity table below sets forth the potential additional dilutive impact of each of the additional dilution sources in each redemption scenario, as described further in Notes 11 through 19 below. Stockholders will experience additional dilution to the extent New Mobix Labs issues any such additional shares after the Closing.

Note: Percentages may not sum due to rounding.

(1) This scenario assumes that no Ordinary Shares are redeemed by the Public Shareholders.

(2) This scenario assumes that all 778,912 Public Shares issued and outstanding as of November 21, 2023 are redeemed by the Public Shareholders.

(3) Percentage of total voting power represents voting power with respect to all shares of Class A Common Stock and Class B Common Stock, as a single class. The holders of Class B Common Stock are entitled to ten votes per share, and holders of Class A Common Stock are entitled to one vote per share.

(4) This row includes an estimated 22,306,965 shares of Class A Common Stock and 2,254,901 shares of Class B Common Stock to be issued to Mobix Labs equityholders, which includes any shares of Class A Common Stock to be issued in exchange for the Post-March 26 Financing Securities that have been issued as of November 17, 2023 and 964,912 shares of Mobix Labs Common Stock to be issued in the EMI Transaction, assuming that the EMI Transaction will be closed prior to the Closing. As of November 17, 2023, Mobix Labs has issued Post-March 26 Financing Securities consisting of 2,246,714 shares of Mobix Labs Common Stock, warrants to purchase 651,337 shares of Mobix Labs Common Stock (which are assumed to be exercised for 618,696 shares of Class A Common Stock on a net settlement basis), and convertible notes expected to be converted into 30,021 shares of Mobix Labs Common Stock, which are expected to be exchanged into a total of 2,895,431 shares of Class A Common Stock at the Closing. Each share of Class B Common Stock is convertible into one share of Class A Common Stock at the option of the holder, upon transfer or in certain specified circumstances and will automatically convert on the seventh anniversary of the Closing. This row excludes the Earnout Shares.

(5) This row includes (i) 3,000,000 shares of Class A Common Stock to be issued to the PIPE Investor at the Closing pursuant to the PIPE Subscription Agreement and (ii) 700,000 shares of Class A Common Stock to be issued to the PIPE Investor at the Closing as a result of the exercise of the PIPE Warrant for 700,000 shares of Mobix Labs Common Stock immediately prior to the Closing.

(6) The share amounts held by the Public Stockholders and the Initial Shareholders set forth in the first table above are based on 2,778,912 Ordinary Shares, of which 778,912 were Public Shares and 2,000,000 shares were Founder Shares held by the Initial Shareholders, issued and outstanding as of November 17, 2023. The share amounts and ownership percentages set forth in the first table above do not take into account the additional sources of dilution set forth in the second table below. Stockholders will experience additional dilution to the extent New Mobix Labs issues any such additional shares after the Closing.

(7a) This scenario assumes that the shares of Class A Common Stock have a value of \$10.00 per share.

(7b) Based on an implied total equity value of New Mobix Labs of \$301.6 million, or approximately \$310.4 million less approximately \$8.8 million (or approximately \$11.29 per share, based on the amount of \$8,676,157 in the Trust Account as of September 30, 2023, and assuming the deposit of an additional \$0.05 per non-redeeming Public Share per month through January 22, 2024 pursuant to the terms of the Third Extension, but without taking into account any interest after September 30, 2023) that would be paid from the Trust Account to redeem all 778,912 Public Shares in connection with the Transaction.

(8a) Calculation of value per share does not take into account the additional sources of dilution, as described in Notes 11 through 19 below.

(8b) Calculation of value per share assumes the issuance of the maximum amount of shares of Class A Common Stock in connection with the additional dilution sources, as described in Notes 11 through 19 below. In addition, calculation of value per share in the rows entitled "Public Warrants," "Private Warrants" and "Working Capital Loans", as well as the value per share in the row entitled "Total Additional Dilution Sources", is based on the applicable Total Equity Value Post-Redemptions in the No Redemption Scenario and the Maximum Redemption Scenario plus the full exercise of the applicable maximum number of Warrants at \$11.50 per share for a total cash exercise price of \$69.0 million in the row entitled "Public Warrants," \$39.1 million in the row entitled "Private Warrants," or \$17.25 million in the row entitled "Working Capital Loans," respectively.

(9) The Percentage of Total with respect to each additional dilution source set forth below, including the Total Additional Dilution Sources, includes the full amount of shares issuable with respect to the applicable additional dilution source in both the numerator and denominator.

(10) The Percentage of Total Voting Power with respect to each additional dilution source set forth below, including the Total Dilution Sources, includes the voting power of the full amount of shares issuable with respect to the applicable additional dilution source in both the numerator and denominator.

(11) This row reflects the balance between (i) the sum of (x) the estimated maximum amount of 3,000,000 shares of Class A Common Stock that may be issued at the Closing in exchange for Post-March 26 Financing Securities (estimated solely for the purpose of registering a maximum amount of shares of Class A Common Stock under the registration statement on Form S-4 of which this proxy statement/prospectus forms a part in light of the fact that the Business Combination Agreement does not cap the number of such shares that may be issuable) and (y) the 23,500,000 shares of Common Stock to certain Mobix Labs equityholders to be allocated between shares of Class A Common Stock and Class B Common Stock and (ii) the 26,240,503 shares of Class A Common Stock and Class B Common Stock that are expected to be issued to the holders of Mobix Labs Common Stock already issued as of November 17, 2023 or which will be issuable upon exercise of the Assumed Options and vesting of Assumed RSUs that are issued to Mobix Labs equityholders as of November 17, 2023.

(12) This row assumes that an estimated aggregate of 1,678,637 shares of Class A Common Stock potentially issuable upon exercise of the Assumed Options and vesting of Assumed RSUs are issued to Mobix Labs equityholders. Percentages in this row represent (a) the estimated 1,678,637 shares of Class A Common Stock underlying the Assumed Options and vesting of Assumed RSUs set forth in the applicable column divided by (b) (i) the amounts included in the row titled “Total Shares Outstanding Excluding Earnout Shares, Make-Whole Shares, Convertible Notes and Warrants” plus (ii) the estimated 1,678,637 shares of Class A Common Stock underlying the Assumed Options and vesting of Assumed RSUs set forth in the applicable column.

(13) This row assumes that all 3,500,000 Earnout Shares potentially issuable to Earnout Recipients (upon the realization of all of the benchmark share prices in the Business Combination Agreement) are issued to Mobix Labs equityholders and assumes that no additional shares of Class A Common Stock are issued between the Closing and the realization of all such benchmark share prices. Percentages in this row represent (a) the Earnout Shares set forth in the applicable column divided by (b) (i) the amounts included in the row titled “Total Shares Outstanding Excluding Earnout Shares, Make-Whole Shares, Convertible Notes and Warrants” plus (ii) the Earnout Shares set forth in the applicable column.

(14) This row assumes that all 1,285,714 Make-Whole Shares potentially issuable to the PIPE Investor upon the realization of the terms set forth in the PIPE Subscription Agreement and assumes that no additional shares of Class A Common Stock are issued between the Closing and the realization of such benchmark share prices. Percentages in this row represent (a) the Make-Whole Shares set forth in the applicable column divided by (b) (i) the amounts included in the row titled “Total Shares Outstanding Excluding Earnout Shares, Make-Whole Shares, Convertible Notes and Warrants” plus (ii) the Make-Whole Shares set forth in the applicable column.

(15) This row assumes exercise of all Public Warrants outstanding as of November 17, 2023, to purchase 6,000,000 shares of Class A Common Stock. Percentages in this row represent (a) the 6,000,000 shares of Class A Common Stock underlying the Public Warrants divided by (b) (i) the amounts included in the row titled “Total Shares Outstanding Excluding Earnout Shares, Make-Whole Shares, Convertible Notes and Warrants” plus (ii) 6,000,000 shares of Class A Common Stock underlying the Public Warrants.

(16) This row assumes exercise of all Private Warrants outstanding as of November 17, 2023, to purchase 3,400,000 shares of Class A Common Stock. Percentages in this row represent (a) the 3,400,000 shares of Class A Common Stock underlying the Private Warrants divided by (b) (i) the amounts included in the row titled “Total Shares Outstanding Excluding Earnout Shares, Make-Whole Shares, Convertible Notes and Warrants” plus (ii) 3,400,000 shares of Class A Common Stock underlying the Private Warrants.

(17) This row assumes that the maximum permitted amount of convertible Working Capital Loans in the aggregate amount of \$1,500,000 is fully drawn down by Chavant and elected by Sponsor to be converted into Warrants at a price of \$1.00 per warrant, and such converted warrants are all exercised at a price of \$11.50 per share. Percentages in this row represent (a) the 1,500,000 shares of Class A Common Stock underlying such warrants divided by (b) (i) the amount included in the row titled “Total Shares Outstanding Excluding Earnout Shares, Make-Whole Shares, Convertible Notes and Warrants” plus (ii) 1,500,000 shares of Class A Common Stock underlying such warrants. As of November 21, 2023, Chavant had drawn down an aggregate of \$1,650,000 of Working Capital Loans under the promissory notes issued to the Sponsor, of which \$1,150,000 was drawn under convertible promissory notes, and if the Sponsor elected to convert the loans under such convertible promissory notes into Warrants at a price of \$1.00 per warrant and such converted warrants were exercised at a price of \$11.50 per share, a maximum of 1,150,000 shares of Class A Common Stock could be issued.

(18) This row assumes the grant of Post-Closing RSUs covering 5,000,000 shares of Class A Common Stock over a three-year period beginning one year after the Closing under the 2023 Equity Incentive Plan. The initial amount of shares of Class A Common Stock reserved for issuance under the 2023 Equity Incentive Plan equals 3,104,078 shares of Class A Common Stock in the No Redemption Scenario, or 3,026,187 shares of Class A Common Stock in the Maximum Redemption Scenario, in each case, following the consummation of the Transaction. Such amount may be increased under the annual evergreen feature of the 2023 Equity Incentive Plan or as approved by the New Mobix Labs Board and stockholders. The initial reserve amount is calculated based on 10% of the amount in the row titled “Total Shares Outstanding Excluding Earnout Shares, Make-Whole Shares, Convertible Notes and Warrants.” Percentages in this row represent (a) the foregoing share amounts, as applicable, divided by (b) (i) the amounts included in the row titled “Total Shares Outstanding, Excluding Earnout Shares, Make-Whole Shares, Convertible Notes and Warrants” plus (ii) the foregoing share amounts, as applicable. This row does not reflect all potential increases that may be made under the annual evergreen feature of the 2023 Equity Incentive Plan, which may cause further dilution to the New Mobix Labs stockholders. See “*Proposal No. 6 — The Equity Incentive Plan Proposal — Description of the Mobix Labs, Inc. 2023 Equity Incentive Plan — Share Reserve.*”

(19) This row (a) assumes the issuance of all shares of Class A Common Stock reserved for issuance under the 2023 Employee Stock Purchase Plan, which equals 931,223 shares of Class A Common Stock in the No Redemption Scenario, or 907,856 shares of Class A Common Stock in the Maximum Redemption Scenario, in each case, following the consummation of the Transaction and (b) is based on 3% of the total number of shares of New Mobix Labs Class A Common Stock issued and outstanding immediately following the Effective Time. This row does not reflect any annual evergreen feature of the 2023 Employee Stock Purchase Plan, which may cause further dilution to the New Mobix stockholders. See “*Proposal No. 7 — The Employee Stock Purchase Plan Proposal — Description of the Mobix Labs, Inc. 2023 Employee Stock Purchase Plan — Stock Subject to Employee Stock Purchase Plan.*”

(20) This row assumes the issuance of all shares of Class A Common Stock in connection with each of the additional dilution sources, as described further in Notes 11 through 19 above, which equals 23,555,071 shares of Class A Common Stock in the No Redemption Scenario or 23,531,704 shares of Class A Common Stock in the Maximum Redemption Scenario, in each case, following the consummation of the Transaction. Percentages in this row represent (a) the foregoing share amounts, as applicable, divided by (b) (i) the amounts included in the row titled “Total Shares Outstanding Excluding Earnout Shares, Make-Whole Shares, Convertible Notes and Warrants” plus (ii) 23,555,071 shares of Class A Common Stock in the No Redemption Scenario or 23,531,704 shares of Class A Common Stock in the Maximum Redemption Scenario.

The numbers of shares and percentage interests set forth in the tables above are based on a number of assumptions described in the footnotes to the tables and that neither Chavant nor Mobix Labs issues any additional equity securities prior to the Transaction. If the actual facts differ from our assumptions, the numbers of shares and percentage interests set forth above will be different.

The disclosure on page 168 under the heading “Proposal No. 1 – The Transaction Proposal – The Transaction – The Background of the Transaction” is hereby supplemented as follows:

On November 26, 2023, the parties agreed to Amendment No. 2 to the Business Combination Agreement (i) making certain adjustments to the exchange ratio provided for in the Business Combination Agreement such that a ratio of one-to-one is used as the per share exchange ratio to determine the number of shares of Class A Common Stock and Class B Common Stock into which capital interests in Mobix Labs would convert, (ii) further extending the Outside Date to January 22, 2024 and (iii) deleting the condition to closing of the business combination that Chavant have at least \$5,000,001 of net tangible assets after giving effect to the PIPE Private Placement in accordance with the terms of the PIPE Subscription Agreement and following the exercise of redemption rights by Chavant’s Public Shareholders in accordance with Chavant’s Existing Charter.

As consideration for consenting to Amendment No. 2, Mobix Labs issued to the PIPE Investor a warrant on November 26, 2023 to purchase 700,000 shares of Class A Common Stock at an exercise price of \$0.01 per share, which shall terminate upon the earlier of (i) the closing of the Merger and (ii) the termination of the Business Combination Agreement.

The disclosure on page 290 under the heading “Chavant’s Management’s Discussion and Analysis of Financial Condition and Results of Operations—Liquidity and Capital Resources” is hereby supplemented as follows:

As of November 21, 2023, the Company had drawn down an aggregate of \$1,650,000 of Working Capital Loans under the promissory notes issued to the Sponsor, of which \$1,150,000 was drawn under convertible promissory notes. Each of the convertible notes issued to the Sponsor is convertible, at the option of the Sponsor, into a number of Warrants equal to (i) the drawn amount divided (ii) by \$1.00, rounded up to the nearest whole Warrant, upon the closing of the initial business combination. The Chairman of the board of directors of the Company or an entity affiliated with him and another existing investor in the Sponsor and/or persons affiliated with such investor provided the funds to the Sponsor for the convertible promissory notes and may receive warrants issuable upon conversion of the convertible promissory notes if the Sponsor determines to convert such notes into warrants following the closing of the initial business combination. The Chairman of the board of directors of the Company or an entity affiliated with him, another existing investor in the Sponsor and/or persons affiliated with such investor and the Chief Executive Officer of the Company provided the funds to the Sponsor for the non-convertible promissory notes. See the restated disclosure for the heading “Security Ownership of Certain Beneficial Owners and Management of New Mobix Labs” provided below.

In addition, on November 30, 2023, the Company issued an unsecured non-convertible note in the aggregate principal amount of up to \$325,000 to the Sponsor. The promissory note bears interest at the rate of 10.0% per annum and is payable in full in cash upon the earlier of (i) the consummation of the Transaction and (ii) one year from the date of issuance. The Company issued the promissory note in consideration for a loan from the Sponsor to fund, among other things, certain transaction costs of the Company in connection with Transaction. Funds are expected to be provided to the Sponsor for purposes of the loan by an entity affiliated with an existing investor in the Sponsor, the Chief Executive Officer of the Company and the Chairman of the board of directors of the Company or an entity affiliated with him.

The first bullet point on page 336 under the heading “Shares Eligible for Future Sale/Rule 144” is hereby restated as follows:

- 1% of the then outstanding Class A Common Stock or Warrants of New Mobix Labs which, immediately after the Transaction, will equal 287,859 shares of Class A Common Stock (assuming no redemptions) and 94,000 Warrants; or

The disclosure on page 338 under the heading “Security Ownership of Certain Beneficial Owners and Management of New Mobix Labs” is hereby restated as follows:

The following table sets forth information regarding (i) the actual beneficial ownership of Ordinary Shares as of November 17, 2023 and (ii) expected beneficial ownership of New Mobix Labs’ Class A Common Stock and Class B Common Stock immediately upon the consummation of the Transaction, assuming the no redemption scenario, and alternatively the maximum redemption scenario, by:

- each person who is, or is expected to be, the beneficial owner of more than 5% of issued and outstanding Ordinary Shares or shares of Common Stock;
 - each of Chavant’s current named executive officers and directors;
-

- each person who will become a named executive officer or director of New Mobix Labs post-Transaction; and
- all executive officers and directors of Chavant as a group pre-Transaction and all executive officers and directors of New Mobix Labs post-Transaction.

Beneficial ownership is determined according to the rules of the SEC, which generally provide that a person has beneficial ownership of a security if he, she or it possesses sole or shared voting or investment power over that security, including options and warrants that are currently exercisable or exercisable within 60 days.

The beneficial ownership of Ordinary Shares pre-Transaction is based on 2,778,912 Ordinary Shares (including 778,912 Public Shares and 2,000,000 Founder Shares), issued and outstanding as of November 17, 2023.

The expected beneficial ownership of New Mobix Labs after the Transaction is based on, in each case, information available as of November 17, 2023, (A) 31,040,778 shares of Common Stock (including 28,785,877 shares of Class A Common Stock and 2,254,901 shares of Class B Common Stock) outstanding at the Closing, assuming no holders of Public Shares exercise their redemption rights in connection therewith (no redemption scenario), and (B) 30,261,866 shares of Common Stock (including 28,006,965 shares of Class A Common Stock and 2,254,901 shares of Class B Common Stock) outstanding at the Closing, assuming holders of all 778,912 Public Shares exercise their redemption rights in connection therewith (maximum redemption scenario), in each case which consists of (i) (x) in the case of the no redemption scenario, 2,778,912 shares of Class A Common Stock converted from a like-number of Ordinary Shares (including 778,912 Public Shares) pursuant to the Domestication and (y) in the case of the maximum redemption scenario, 2,000,000 shares of Class A Common Stock converted from a like-number of Ordinary Shares (being Founder Shares) pursuant to the Domestication; (ii) an estimated 22,306,965 shares of Class A Common Stock that will be issued at the Closing to the holders of shares of Mobix Labs Common Stock, the holders of Mobix Labs Warrants and convertible instruments of Mobix Labs including SAFEs and promissory notes that will be exercised or converted into the right to receive shares of New Mobix Labs Common Stock at the Closing, and the holders of outstanding in-the-money vested Mobix Labs Options that will be converted into the right to receive shares of New Mobix Labs Common Stock at the Closing; and (iii) an estimated 2,254,901 shares of Class B Common Stock that will be issued at the Closing to the holders of shares of Mobix Labs Preferred Stock.

The expected beneficial ownership of shares of New Mobix Labs Common Stock after the Transaction, assuming each of the no redemption scenario and the maximum redemption scenario: (a) assumes the issuance of 3,000,000 shares of Class A Common Stock at the Closing pursuant to the PIPE Subscription Agreement, (b) assumes the exercise by the PIPE Investor of the PIPE Warrant for 700,000 shares of Mobix Labs Common Stock immediately prior to the Closing and the issuance of 700,000 shares of Class A Common Stock at the Closing, (c) excludes the 3,500,000 shares of Class A Common Stock representing the Earnout Shares, and (d) excludes the 1,678,637 shares of Class A Common Stock underlying the Assumed Options and the Assumed RSUs, provided, however, that in computing the number of shares of Class A Common Stock beneficially owned by a person or entity and the percentage ownership of that person or entity after the Transaction, we deemed to be outstanding all shares of Class A Common Stock subject to Assumed Options or other convertible securities, including Class B Common Stock, held by that person or entity that are currently exercisable or exercisable within 60 days of the Closing (assuming the Transaction will close on December 19, 2023). We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person.

For purposes of computing the number of shares of Class A Common Stock beneficially owned by the Sponsor and Dr. Jiong Ma and the percentage ownership of such persons after the Transaction (and for totals including shares held by such persons), the following table further assumes the issuance of shares of New Mobix Labs Capital underlying Private Warrants held by the Sponsor since the Chavant IPO and Private Warrants issuable upon conversion of convertible promissory notes if the Sponsor determines to convert such notes into warrants following the Closing of the Transaction, but the table does not assume such issuance for the purposes of computing the number of shares or the percentage ownership of any other person. In addition, the following table does not reflect record or beneficial ownership of any shares of New Mobix Labs Common Stock issuable as Make-Whole Shares in accordance with the terms set forth in the PIPE Subscription Agreement, as such securities are not issuable within 60 days. To the knowledge of the Company, none of the persons set forth in the table below holds any Public Warrants.
